Basin Speedway, Williston, ND

Andee started her evening hoping some of the gremlins from the previous weekends were behind her. Things looked good as she drove her Seven Seas sponsored car to a second place finish in the heat race. Starting 8th for the trophy dash a heated 8 lap battle had her in the 6th place spot at the end. Green flag for the feature saw Andee jump from 4th to 1st on the opening lap. The number 41 mini-dropped back to second and raced there for 18 laps before having a clutch failure. Andee coasted around for a 13th place feature finish. Andee will keep fighting and says some days you are the bug and some days you are the windshield!
