McLean County Speedway, Underwood, ND

After a steep learning curve, Andee finally got the feel for her number 41 Legend car Sunday night. Rough tracks and more rough weather had left their mark on both the car and Andee. Back to the scales and set ups finally began to pay off for her and the car late Sunday as she advanced from deep in the field to a photo finish fifth place. Andee would like to thank her new and returning sponsors: Seven Seas Resort, Lone Mountain Trucking, NDRacing.com, Titan Plumbing and Heating, Wetsh Race Cars, and MK Graphics. Watch for further updates and don't forget to follow Andee on the US Legends website as she runs for the National Dirt Young Lions Title. See you at the races!
